⁷ **In November 2019**, and in line with the political ambition behind the **European Green Deal**, the EIB Board of Directors decided to increase the level of climate and environment commitment for the EIB Group. This increased ambition has far-reaching implications for the Group, effectively transforming it from “an EU bank supporting climate” into “**the EU climate bank**”. This document – **The Climate Bank Roadmap** – sets out how the EIB Group intends to meet this expectation. <https://www.eib.org/attachments/thematic/eib_group_climate_bank_roadmap_en.pdf>
